Subject: AVERT data transfer from ERTAC

Hi Jeremy and Joseph,

I think it's best you two talk about the best way to transfer the ERTAC data for processing in AVERT. Jeremy – Joe left me a voicemail asking for the best method to send you the data, given that it's obviously too big to send via email. Can you follow up with Joe and give him the best method for transferring data to you.

Please cc me on your correspondence.

Best,

Robyn (Kenney) DeYoung
